In the last newsletter I mentioned that I had taken on the role of state president of the Queensland State P-10/P-12 School Administrators’ Association and that the Department of Education and Training is supporting me to undertake this role by providing me with a 0.5 release from my principal’s role. Sue Spreadborough will replace when in my absence in a job share arrangement. I will not be absent for two and a half days each week – if I am not at a meeting in Brisbane I will be working at Regional Office one day a week and there will be some times where I will be absent for a week at a time undertaking travel to support remote P-10 and P-12 schools.

This means that I will not be as available as I have been when you would like to see me so it will be necessary to make an appointment with either Sue or me.

A benefit of the role is having the opportunity to be involved in the development of new policies and programs. An example such an innovation is the new senior assessment. For the past forty years Queensland senior students have been assessed under the process of school based assessment. Over the years this has been refined and the district review panels for each subject provided accountability and comparability for student results and excellent professional development for teachers.

The implementation of the Australian Curriculum in the senior phase subjects in 2018 will mean a change in the assessment process. While Queensland will not be adopting the full external exam process which currently exists in other states, we will be having a combination of internal and external assessment. Subjects such as English, Modern History and Economics for exam will have four pieces of assessment contributing towards their senior result – three external pieces and one external exam. Other subjects such as Mathematics A and B, Physics and Chemistry will have 50% internal and 50% external ie two of each. The current Overall Performance (OP) result will be replaced by an ATAR (Australian Tertiary Achievement Rank) which will be Australia wide and which will make it easier for Queensland students to study at universities in other states.

I will provide further details on these changes as well as other policy changes such as compulsory prep and the regulations and guidelines around early entry, as I receive them.

Our year 3, 5, 7 and 9 students completed their NAPLAN exams last week and everything ran smoothly thanks to the organisation by Sue Spreadborough, Melissa Caruana, David Keeble and class teachers. As I pointed out in a letter to students and parents, NAPLAN tests are a point in time form of assessment and should not be considered in isolation. They need to be considered in conjunction with the subject specific results from the class teacher and any diagnostic testing undertaken by the school. We did endeavour to make the testing time to be as enjoyable as possible with fruit smoothies for breakfast and subway for morning tea for the students setting the tests.

Have a great fortnight.

Brian O’Neill
Principal
This month’s meeting was well attended by parents and a big welcome back to our groundsman Bert Westcott! We are yet to have a final amount on what the push cart derby raised, but all reports back from people who attended said how much fun it was! We will be looking at locking in a date for next year’s event which promises to be bigger and better!

The fundraising committee is running a BBQ at the North Mackay Bunnings store on Saturday 28th May 2016. If anyone is able to lend a hand for an hour or two, please give Mel Vandaele a call on 0417 731 687.

Also save the date for the Calen Casino Night which will be on Saturday the 27th August 2016. This fundraiser will have a limited number of tickets available and is an adult only event! More details about the Casino Night will be given out closer to the event.

Have a fantastic fortnight!

Casey Lindsay
President

Our school is running a Book Fair from Friday 20th May 2016 to Friday 3rd June 2016. The Fair will be open Monday, Tuesday, Wednesday and Friday (NOT THURSDAY). Opening times will be before school from 8:00am to 8:45am and at lunch time from 1:00pm to 1:45pm.

Our theme for the Book Fair this year is . . . Monsters

“Reading is so much fun, you’ll get goose bumps”

There will once again be prizes of $10 per classroom to spend at the Book Fair. All you have to do is use a little imagination and let your artistic skills go wild to create a monster face mask. Use paper plates, coloured paper, pipe cleaners, goggly eyes etc – anything that will help you to create an awesome monster face. Entries must be given to Mrs Hall or Mrs Just before Friday 27th May 2016.

WHITSUNDAY VOICES

Thursday 14th July to Friday 15th July 2016

Thank you to everyone who returned their expression of interest form for Whitsunday Voices by the cut-off date of Thursday 19th May 2016. The bus is now full and tickets have been secured for the Whitsunday Voices sessions, so unfortunately we cannot accept any late expressions of interest. This will be a wonderful opportunity for students from years 3 to 12 to attend the Whitsunday Voices Youth Literature Festival that is being held at Whitsunday Anglican School on Thursday 14th July to Friday the 15th July 2016. This festival provides students with the opportunity to listen to well-known Australian authors and illustrators and attend workshops.

Writing is our priority curriculum area for our school and this festival is designed to develop writing skills and foster a love of literature. It is a fantastic opportunity to expose our students to a variety of authors, as well as develop a greater appreciation of literacy. The festival has always received excellent reviews and is a highlight on many schools’ calendar throughout our region.

The cost of the excursion is $20. The bus will be departing from the school at 9:30am and return by 3:00pm for students to catch their normal buses. Students will need to provide their own morning tea and lunch; some food is available to purchase however time between sessions is limited and queues are long. Students should also bring a small pencil case with a notebook in a small bag. The students will also have the opportunity to get books signed by the many guest speakers.
**STUDENT RECOGNITION**

Congratulations to the following students for receiving an award – WELL DONE!

**THURSDAY SCIENCE**

Thursday science was fun last week. I had at least 20 primary students come to watch my demonstration of coloured flames. This is mainly due to the temperature of the flame but it can also be due to the presence of metals and metallic salts in the campfire. Sadly, one student was asked to leave before I had begun, because we simply cannot have silly behaviour and science in the same room, at the same time 😊.

Thursday science will be about precipitation reactions. How can I mix two clear liquids and produce a yellow solid? Come and find out.

Stephen Hislop
NEWS FROM MS O’GORMAN

Over the holidays I had the privilege of attending the *Breaking Barriers in STEM* United Nations Women’s conference. I was shocked to find that **9 out of 10** jobs in the next ten years will require STEM skills. Even currently there are **three million** unfilled jobs in STEM around the world. I would strongly encourage all students, male or female, to visit UN Women website at [unwomen.org.au](http://unwomen.org.au) to explore STEM opportunities, scholarships and competitions available.

The perfect career may just be waiting for you!

Ms Kiara O’Gorman (IT Teacher); E: kkogo0@eq.edu.au

Benefits for women working in STEM fields:

- STEM jobs are exciting and diverse
- STEM jobs are well paid
- The pay gap between men and women is generally less in STEM jobs
- STEM jobs are enjoyable

**McDONALDSS’ MATHS CHALLENGE**

The McDonalds’ Mathematics Teams Challenge is next week, to be held on **Tuesday 24th May 2016**. Secondary students will participate in the competition from 11:45am until 2:15pm at Whitsunday Anglican School Hall. We will leave Calen by bus at 10:30am, arriving at Whitsunday Anglican School at approximately 11:15am. Students will be given the opportunity to eat their lunch at this time, however will need to be in the hall by 11:45am. The competition will run until approximately 2:00pm and our arrival back at Calen is expected at about 3:00pm.

The Mathematics Team Challenge allows students to work in teams to solve creative mathematical problems. Each team is made up of five students. This event will encourage students to work within a team environment, stimulate their interest in mathematics and participate in a competitive and fun intellectual event. Students should bring lunch, water bottle, pencil case, calculator and working out paper. Please ensure permission slips, medical form and Media release forms are returned to the school office before next week.

**CALEN RED CROSS JUMBLE SALE**

Calen and District Red Cross Branch are holding their annual

on . . . Thursday 26 May 2016 & Friday 27 May 2016

RSL Hall in Calen, from 8:30am to 12 midday. Morning Tea 9:00am to 11:00am $3.00
Lots of household items, clothes, shoes, books etc for sale. Bag of rags 1kg for $5
During Term 3 our school will be participating in the ANZ Tennis Hot Shots Program, which will allow specialised tennis lessons for our primary students. The program will run for four weeks and will be conducted at the Calen Tennis Courts in Kolijo.

Parents and carers will need to complete the ANZ Tennis Hot Shots Registration form to enable their child to receive either a free t-shirt or racquet from the ANZ Hot Shots Program. These registration forms were sent home this week and need to be returned to the school office by Wednesday 25th May 2016, to be able to receive the free products. Permission/medical forms were also sent home for the ANZ Tennis Hot Shots and these will be need to be completed and returned before the program commences in Term 3.

**Superheros Disco**

Come dressed as your favourite Superhero!

On Friday, 3rd June 2016 from 5:30pm – 7:00pm

At the R.S.L. Hall, McIntyre Street, Calen

Admission: $2.00
Cheerios: 5 for $3.00
Chips: 50c
Chocolates: 50c
Drinks: $1.50

Forms to pre-order Cheerios will be sent home next week. Please send the form back to school by Monday 30th May 2016 to order your child’s Cheerios. **Only send money for the Cheerios.**
SUIT UP FOR SCIENCE

We have a very special Thursday Science on the 26th May. This is Suit up for Science Day. A fundraiser for “The Centenary Cancer Research Group”.

In the CPA area on stage at 1.15pm, there will be a series of demonstrations for the whole school to see (parents are also invited). Students that come to school dressed as a scientist on the day, will have a chance to come up on stage and help with one of the experiments.

If students like the show and they would like to donate a gold coin, there will be donation boxes passed around on the day (not compulsory).

Apparently, according to one “preppie” this week, scientists all have moustaches and wear safety glasses so there is a tip for all you budding science lovers. If you like, there are a very small number of t-shirts, glasses and bow-ties for sale in the school reception to help you if required. Prices listed below:

<table>
<thead>
<tr>

SECONDARY CROSS COUNTRY

We had a lot of near misses with selection however one student did qualify - congratulations Kyle!

Kyle will now attend the Capricornia trials for Cross Country as well as Soccer - best of luck for both!

PRIMARY CROSS COUNTRY

Congratulations to Jody, Jack, Damon and Jorja who travelled to Sarina Golf Club on Tuesday 17th May to trial for the Mackay District cross country team.
JUNIOR SECONDARY CAMP

The year 7-9 students had a great time on their Kinchant Dam Camp, recently held from Wednesday 27th April to Friday 29th April 2016.

All of the students experienced lots of exciting and rewarding challenges as shown in the photos on this page.
NAPLAN

Over the course of last week, the year 3, 5, 7 and 9 students sat for their NAPLAN tests in the areas of Language Conventions, Writing, Reading and Grammar and Spelling and Numeracy. While the media places a great deal of emphasis on these results and create league tables comparing schools, these tests do not define your skills or you as a person. These test results should be considered not in isolation but along with end of semester report cards and your teacher’s observations within the classroom. Remember they are point in time tests and only cover part of the curriculum.

To help make the NAPLAN testing days an enjoyable experience, Mr Keeble organised catering from Subway. Mr Keeble would like to thank and acknowledge the following students who worked very hard to help with the NAPLAN catering:

- Aaron
- Emma
- Callum
- Sherpa
- Sasha

MARINE STUDENTS

Pasted below is a letter received from Mr John Wilson regarding our students when they recently completed their Recreational Marine Licence Training.

Mr Brian O’Neill
Principal
Calen District State College

Hello Brian,

I do not do this very often, however I would like to express my thanks to Stephen Hislop and his Marine Students,

Heath
Callum
Jamie
Leah
Jacob
Ashley
Nicholas

Joel
Tremain
Shane
Dominic
Brady
Ria
Luke

for their courteous attitude towards the theory training for their Recreational Marine Licence Training on 22 March 2016 and their competent approach to the practical training on 21 April 2016 and 14 May 2016.

It was a pleasure to teach these students. Stephen and the College should be proud of the manner in which the students promoted Calen District State College during this training.

Kind Regards,

John Wilson
Registered Training Provider
Allstate Boat Licensing & Training Mackay

ADVERTISING IN OUR NEWSLETTER

If you would like to place an ongoing advertisement in our school newsletter that will be displayed in both the colour printed paper copy as well as the electronic e-newsletter, please contact Austnews for further information.
Adolescence is a time of many challenges. Many young people will discover their strengths, abilities, creative flair and talents during these formative years. Young people begin to explore their future potential. Sometimes we can find ourselves comparing, judging and questioning our attributes and self-worth in a way that impacts on our self-esteem. Here are some helpful tips to promote healthy self-esteem.

**Where does self-esteem come from?**

We all form opinions of ourselves based on our own thoughts, what we believe others think of us, how we interact with others, and our role within our family and community. While self-esteem is influenced by your own thoughts and feelings about yourself, it can also be moulded by the thoughts and feelings of family, friends, teachers and other people in your life.

Sometimes, the things that other people say about us can influence our self-esteem – in either a positive or negative way. Take some time to think about the people in your life and how they influence your thoughts about yourself. Do some people’s opinions have more impact on you than others?

The concept of self-esteem can also vary from culture to culture. Some cultures focus more on the individual while other’s focus on the collective or group, i.e. the community.

If this sounds complicated, that’s because it really is!

**How can I improve my self-esteem?**

Getting to know yourself and having a good look at all the things you like and don’t like, are good at and not so good at, and accepting all of these, can help improve your self-esteem. This is a great start towards feeling happy with yourself and where you are right now. Because that’s who you are!

Other things that can help include:

**Celebrating your successes** – take the time to reflect and feel good about even the smallest of successes. Give yourself credit for the things you do well and for the accomplishments that you achieve. Be proud of yourself.

**Surrounding yourself with good friends** – keep company with those who you feel good around. Friends will support your achievements, will be happy for you when you do well, and will help you see the positives about yourself.

**Being a good friend yourself** – try to help your family and friends see the things they do well and take time to celebrate their successes and happiness with them.

**Going easy on yourself** – reflect on the things that didn’t turn out quite so well. Don’t beat yourself up about them, but try to find a way of doing things differently next time. Use each opportunity as a chance to learn how to do something better

**Doing what you love** – enjoy the things you like doing, whether they are artistic, musical, sporty, social or intellectual. Make sure you fit in some quality time for the things that you want to do.

**Trying new things** – you will never know what you can achieve until you try. Even if you are not great at something the first time around, you will nevertheless have learnt something new in the process of giving it a go.

**Being able to walk away** – when you find yourself in an uncomfortable position that threatens your self-esteem, consider walking away. This isn’t always possible – it might be a school or family obligation that you can’t get out of. However, if you can remove yourself from a situation, it might be worth it. For example, you may be around people who make you feel uneasy or you could be witnessing something that challenges your self-esteem in a negative way. Consider if you really are obliged to stay around or if you could simply take yourself away from the situation.

**Enjoying special times** – take time to celebrate birthdays, anniversaries and special holidays with friends and family. Feeling connected to others and happy in your important relationships is a big contributor to feeling good about yourself.

**Accepting yourself for who you are** – this might be easier said than done, but it is a key to boosting self-esteem. Know that you will be better at some things than others and give your attention to the things you do well rather than what you don’t do so well. Also remember that inner strength comes from trying and learning, doing your best, and sticking to what you believe in – it doesn’t come from doing things right every time.

**Working out what is really worth caring about** – just being able to say ‘So what?’, ‘It doesn’t matter today’, or ‘I don’t need to care about that’, can relieve a lot of pressure and worry.

A final quote... “Someone’s opinion of you does not have to become your reality.” Les Brown

**Measles alert**

**Symptoms**
- Rash (measle papular)
- Fever (38° or higher)
- Red eyes or conjunctivitis

**Think measles**
- Race patient's temperature
- Speak and breathe
- Touch, feel

**Measles... the facts**

- Measles virus is aggressive and contagious.
- The virus can spread for up to 4 days before symptoms appear.
- Symptoms usually appear 12-21 days after exposure.
- There is no cure for measles.

**Measles... to be clear**

- Measles can be prevented by vaccination.
- Measles vaccine is highly effective.
- Measles can be prevented by vaccination.

**Wear your mask**

- Wear a mask if you have been in close contact with someone who has measles.
- Wear a mask if you are in a crowded or enclosed space.

**Cautions**

- Measles can be serious for some people.
- Measles can be prevented by vaccination.
